ETHNO

NEW ZEALAND

22–31 January 2027 | Aotearoa New Zealand

WHAT IS ETHNO?

Ethno New Zealand is a ten-day intercultural music gathering bringing together young musicians from Aotearoa and around the world to share the music and traditions they carry.

HOW DOES IT WORK?

At Ethno, everyone has something to teach, and everyone has something to learn.

Musicians teach songs and tunes to one another and, with support from Artistic Mentors, create new arrangements and a shared repertoire.

WHO IS IT FOR?

Musicians aged 18–30

All instruments, voices, cultures and musical traditions are welcome.

Only 20 places available

WHAT HAPPENS?

Ten days of music-making, workshops, cultural exchange, shared kai, spontaneous jams and new friendships.

All culminating in public performances with our pop-up world music orchestra, including the Auckland Folk Festival.
